

# Lunch Time Workshops

ESC Congress 2009

**Tuesday, September 01, 12:45 • 13:30**

Room Moscow • Zone 6

## Management of heart failure State of the art technology & clinical practice

Chairperson: J. Knuuti, Turku, Finland

- 12:45 Introduction.**
- 12:47 The role of Nuclear Imaging for the management of Heart Failure.**  
D. Agostini, Caen, France
- 13:05 The role of magnetic resonance imaging for the management of heart failure.**  
J. Schwitter, Lausanne, Switzerland
- 13:17 The role of computed tomography imaging for the management of heart failure.**  
D. Andreini, Milano, Italy
- 13:27 Conclusion.**

**Tuesday, September 01, 12:45 • 13:30**

Room Oslo • Zone 6

## Ultrasound in private practice Update 2009

Chairpersons:

G. Germano, Rome, Italy  
F.J. Sonntag, Henstedt-Ulzburg, Germany

- 12:45 Echocardiography Update 2009.**  
**How to be competitive as a cardiologist in private practice?**  
W. Fehske, Köln, Germany
- 13:10 Secondary hypertension.**  
**The role of ultrasound to diagnose renal artery stenosis.**  
S. Kownator, Thionville, France

**Monday, August 31, 12:45 - 13:30**

Room Moscow • Zone 6

## Innovative cardiac solutions for chest pain / coronary artery disease

Chairperson: R.H. Strasser, Dresden, Germany

- 12:45 Low dose cardiac computed tomography.**  
G. Morgan-Hughes, Plymouth, United Kingdom
- 13:00 Quantitative assessment of myocardial perfusion after percutaneous coronary intervention for STEMI in the cath lab.**  
M. Angioi, Vandoeuvre-les-Nancy, France
- 13:15 The role of 3.0T Cardiac MR for patients with Chest Pain.**  
R.H. Strasser, Dresden, Germany

# Satellite Symposia

ESC Congress 2009

**Monday, August 31, 18:30 • 20:00**  
Room Tel Aviv • Zone 1

## Echocardiography in heart failure

Chairpersons:

A. Evangelista Masip, Barcelona, Spain  
J.U. Voigt, Leuven, Belgium

- 18:30 Role of echocardiography in heart failure.**  
G.R. Sutherland, London, United Kingdom
- 18:53 Diastolic dysfunction in heart failure.**  
G.A. Derumeaux, Bron, France
- 19:15 Improving workflow and accuracy with 4D stress-echo.**  
L. Badano, Udine, Italy
- 19:37 Cardiac resynchronisation therapy for heart failure.  
Measuring mechanical timing with echo.**  
P. Sogaard, Hellerup, Denmark

**Tuesday, September 01, 14:00 • 15:30**  
Room Moscow • Zone 6

## New horizons in nuclear cardiology

Chairpersons:

S.R. Underwood, London, United Kingdom  
P.A. Kaufmann, Zurich, Switzerland

- 14:00 Introduction**  
S.R. Underwood, London, United Kingdom  
P.A. Kaufmann, Zurich, Switzerland
- 14:05 Clinical value of myocardial perfusion imaging  
and computed tomography as separate or integrated modalities.**  
P. Raggi, Atlanta, USA
- 14:30 Time-optimized myocardial perfusion imaging and cardiac  
computed tomographic angiography: clinical studies.**  
P.A. Kaufmann, Zurich, Switzerland
- 14:55 Clinical potentials of high speed myocardial imaging  
in a multimodality environment.**  
A. Gimelli, Pisa, Italy
- 15:20 Conclusion**  
S.R. Underwood, London, United Kingdom  
P.A. Kaufmann, Zurich, Switzerland
